Embrace the Joy of parenting.

An AP4 group is starting soon!

Active Parenting will give you skills to achieve a fuller, more satisfying family life... and help your children achieve greater happiness and success. But the heart of the matter is the increased JOY you will experience.

In this class you'll learn how to:

- use nonviolent discipline that really works
- open up lines of communication—before they get clogged
- prevent problems with drugs, alcohol, & sex
- stop scolding and start *smiling* with your kids again!

Over three million parents have completed an Active Parenting course since we developed the first video-based parent education program back in 1983. Join the families who have found success through Active Parenting. This class is your first step!
