Hello parents of Delburne School,

April 4, 2024

On April 8, 2024, a partial solar eclipse will be visible, between 11:38 am and 1:45 pm.

It is not safe to look at a partial solar eclipse without safety precautions to protect eyesight. More safety information can be found on the [NASA website](https://www.nasa.gov).

During the time of eclipse, we will have a supervised indoor recess for students in Grades 1 to 8. Students will be invited to stay away from the windows.

Students in Grades 9 through 12 will be strongly encouraged to stay inside during the eclipse window, including during lunch. We have shared safety information with these students at our assembly, so they know the risks associated with viewing an eclipse without adequate safety precautions. We would encourage you to also mention this to your children so that they remain safe.

If you have any questions, please feel free to contact me at the school.

Thank you.

Sincerely,

Jocelyn Pennock  
Principal  
Delburne Centralized School

## Mission Statement:

The purpose of Delburne Centralized School is to facilitate each student's success.
