Weekly Update

September 12, 2025

TERRY FOX

Our annual Delburne School Terry Fox Walk will take place on **Monday, September 15th at 2:00 p.m.** Together as a school, we will do a lap around town and then return to the school for a frozen treat. This year, our students will have the opportunity to run for Terry with their class, prior to our walk around town. Classroom teachers will be taking their students out ahead of time to run on our school grounds. Thank you to our High School Leadership Group for helping run the Terry Fox Walk.

As part of teaching global citizenship, we are asking for students to donate a "Toonie for Terry" (if possible). This money will then be forwarded to the Terry Fox Foundation for Cancer Research.

We would love to invite parents to join us for our Terry Fox event! Please feel free to jump in to join us around **2:00** on the upper elementary playground.

***If your re-enrollment and consent forms are not completed, your child will not be able to participate because we need the in-town permission form completed.

DCS ONLINE STORE

Our DCS Store is still open. We have extended the deadline for an additional week. Please be sure to check out the new and improved clothing options.

PROFESSIONAL LEARNING DAY (No Students)

Friday, September 19, is a Professional Learning Day across Chinook's Edge School Division. All of our teachers and support staff will be collaborating with fellow colleagues in the division and will spend the day at Olds.

MADD

On **Thursday, November 18th**, our grade 7-12 students will have a presenter from MADD (Mothers Against Drunk Driving) at our school. MADD presentations are impactful sessions designed to educate students about the dangers and consequences of impaired driving. The presentation will include compelling videos, real-life stories from individuals affected by impaired driving, and discussions on responsible decision-making. The goal is to empower students to make safe choices and understand the serious, often tragic consequences that impaired driving can have on individuals, families, and communities. MADD aims to foster a culture of awareness and prevention, helping students take a stand against impaired driving.

Welcome Back to School!

Ms. MJ with the YES Program is so excited to welcome everyone back to school- we are looking forward to an amazing year ahead!

What is the YES program?

The YES (Youth Empowerment and Support) Program is a collaboration between the province-wide Mental Health Capacity Building in Schools (MHCB) initiative and Chinook's Edge School Division. It provides classroom-based lessons and programming to help students build resilience and strengthen their social and emotional well-being as they grow.

The program works toward these goals by:

- Raising awareness about mental health.
- Helping students develop personal skills and form positive connections with their peers.
- Fostering a welcoming and safe environment that builds confidence and supports their success in school.

Through these efforts, YES strives to create a welcoming and safe environment that fosters confidence, and pro-social opportunities to support student success and well-being at school!

How does the YES program operate on a day-to-day basis?

During the year you may hear your K-gr. 8 student talk about the "YES" Program or the YES Room at school! The YES Program is for EVERY student and caters to the needs of all students within the school! The YES Room is open at lunchtime to students grades 4-8 as an alternate activity to being outside or in the gym. This is pro-social time for them to engage in playing board games, crafts, socializing etc. with their peers! Additionally, the YES program provides focused programming during the school day and within the classroom. Our focus is to continue to foster and build resilient, successful students!
